### **NOTICE OF A DRAFT AIR CONSTRUCTION PERMIT**

**CAROLINA ROCK SUPPLIES, LLC  
OLD BLAIR ROAD AND INDIAN TRAIL ROAD  
BLAIR, SOUTH CAROLINA  
(FAIRFIELD COUNTY / REGION 3 COLUMBIA EQC OFFICE)  
AIR PERMIT NO. 1000-0034-CA**

Carolina Rock Suppliers, LLC has applied to the SC DHEC for an air permit to construct and operate a new rock quarry at the above listed location. A draft permit and Statement of Basis have been written by the BAQ outlining the proposed project and applicable regulations. This permit will enable the facility to construct and operate in compliance with state and federal air quality regulations. The draft permit has not yet been approved and is open to comment from the public and the United States Environmental Protection Agency (EPA).

Carolina Rock Suppliers, LLC is proposing to install and operate a rock quarry and install the following equipment and various other pieces of equipment: crushers, screens, and conveyors to extract, process and transport rock. Emissions generated by this facility will include Particulate Matter (PM)/PM less than 10 Microns in Diameter (PM10). Federally enforceable emission limits of less than 100 tons per year (TPY) of PM and PM10 will be established with this permit, thereby enabling the facility to remain below Title V & Prevention of Significant Deterioration (PSD) major source thresholds.

If approved, and upon issuance of the draft construction permit, Carolina Rock Suppliers, LLC may obtain a Conditional Major. Operating Permit from the BAQ unless a change in the original construction plan is proposed prior to issuance of the construction permit with no additional public comment period. All emissions limitations and conditions in the draft construction permit have been written to ensure that this facility operates as a Conditional Major Source.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by June 10, 2008, to Kirk Schneider at the above DHEC address. All comments received by June 10 2008, will be considered when making a decision to approve, disapprove, or modify the draft permit.
